

**Order of Preferences (OP):** This facility will have to be implemented for Serampore College.

---

An applicant will be able to set his/her OP against his/her all applications.

Suppose an applicant applies for:

- Bengali Major
- English Major
- Political Science Major
- BA MDC Course

He/she can set the OP as:

1. Bengali Major
2. English Major
3. Political Science Major
4. BA MDC Course

By default, the order will be set as per his/her Order of Applications.

He/she will be able to change his/her OP till we close the application procedure.

**The application of this feature:**

During merit list (ML) preparations, a candidate's name can only appear once in any subject of his/her top preferences. For example, if the above candidate could appear for both Political Science and English during a phase of ML, he/she will appear only in English Major, as the preference for this subject is higher than Political Science. He/she will not appear in Political Science in this ML phase or in any subsequent ML phase.

However, in any subsequent phase of ML, he/she can appear in Bengali (as this OP is higher), but the door for the BA MDC Course will be closed completely.

**This must be prepared and implemented. Please prepare it; a demonstration may be set for the coming Monday or Tuesday.**

You'll get time for ML considerations as it'll be required during ML preparations. But setting OP will be required during application phase.
